**WELCOME TO (Y)OUR FAMILY**

**LETS JOIN HANDS TOGETHER**

Getting to know the roots of your Genealogy arouses nostalgia in any one. It is not just a sentimental flash back, but boosts the confidence level in all the descendants. A sense of ancestry is a kind of chemistry that bounds the present generation not to drift away from our cultural ethos and roots. No amount of the present day cultural pollution would allow them to go astray. It is our earnest attempt to trace the lost contact within this family that would bestow sufficient self-confidence in the younger generation, especially our female folks for a bright tomorrow. Gregarious attitude will eliminate loneliness and the resultant sense of helplessness amidst our rootless youngsters in general. A conglomeration of our relatives from far and wide will be beneficial to each one us in all walks of our lives. Union is strength....isn't? We would be become unassailable everywhere.

With this view in mind, this is our humble attempt compile the data of all our relatives. Kindly help us in getting the details like family photos, each member's name, relationship, date of birth, blood group, qualification, occupation/profession, mobile/landline phone, school/colleges past and present, e-mail id and any other detail like horoscope and achievement as the case may be
